INDEPENDENT AUDITORS' REPORT

To the Lexington-Worth Townships
Utilities Authority Board

We have audited the accompanying Financial Statements of the Lexington-Worth Townships Utilities Authority as of February 28, 2006 and 2005, and for the years then ended, as listed in the Table of Contents. These financial statements are the responsibility of the Authority. Our responsibility is to express an opinion on these Financial Statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contain in ***Government Auditing Standards***, issued by the Comptroller General of the United States. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Financial Statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall Financial Statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the aforementioned financial statements referred to above presents fairly, in all material respects, the financial position of the Lexington-Worth Townships Utilities Authority as of February 28, 2006 and 2005, and the results of its operation and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with ***Government Auditing Standards***, we have also issued our report, dated July 20, 2006, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with ***Government Auditing Standards*** and should be considered in assessing the results of our audit.

The accompanying financial statements do not present a management's discussion and analysis, which would be an analysis of the financial performance for the year. The Governmental Accounting Standards Board has determined that this analysis is necessary to supplement, although not required to be a part of, the basic financial statements.

NOTES TO FINANCIAL STATEMENTS FEBRUARY 28, 2006 AND 2005

The accounting methods adopted by the Lexington-Worth Township Utilities conforms to accounting principles generally accepted in the United States of America as applied to governmental entities. The following Notes to Financial Statements are an integral part of the Authority's financial statements:

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity –

The Lexington-Worth Townships Utilities Authority was created under the provisions of Act 233, Public Acts of Michigan, 1955, as amended, by the Townships of Lexington and Worth, both located in the County of Sanilac, Michigan. The purpose of this Authority is to acquire, own, improve, enlarge, extend and operate a water supply system and/or wastewater collection and treatment system in accordance with the authorization of Act 233, Public Acts of Michigan, 1955, as amended.

The governing body of the Authority is a six (6) member Board of Trustees made up of three voting representatives for each Township.

B. Government-Wide and Fund Financial Statements –

The government-wide financial statements (i.e. the statement of net assets and the statement of changes in net assets) report information on all of the activities of the Authority. The Lexington-Worth Township Utilities Authority is accounted for in one business-type fund.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation –

The Authority's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the limits of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for this business-type activity, subject to this same limitation. The Authority has elected not to follow subsequent private-sector guidance.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets –

Cash and Cash Equivalent –

The Authority's cash and cash equivalent are savings accounts and demand deposits.

**NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2006 AND 2005**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (cont'd):

Receivable –

The Authority bills customers for water usage in both Lexington and Worth Townships. The receivable at year-end represents billing for February usage and delinquencies from prior months. Due to past experience, no allowance has been made for uncollectible accounts.

Inventory –

Represents meters that are held for sale to new customers, which are recorded at the lower of cost or market on the first in first out basis.

Prepaid Items –

Certain payments to vendors reflect cost applicable to future fiscal years and are recorded as prepaid expenses.

Capital Assets –

The Lexington-Worth Townships Utilities Authority was established as an operating authority with the water utility distribution lines, belonging to the Townships of Lexington and Worth Townships. Water is purchased through agreement with the Village of Lexington, as the Village of Lexington owns the Water Utility Plant.

Estimates –

In preparing financial statements in conformity with U.S. generally accepted accounting principles, management is required to make estimates and assumptions that affect the reporting amount of assets and liabilities, the disclosures of contingent assets and liabilities at date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – CASH:

The Lexington-Worth Township Utilities Authority's deposits consist of a checking account. At February 28, 2006 and 2005 the carrying amounts are \$46,476 and \$26,655, respectively, and the bank balances are \$45,634 and \$26,850, respectively. The bank balances are insured by the FDIC.

NOTE 3 – ACCOUNTS RECEIVABLE – WATER SERVICE:

The Accounts Receivable – Water service of \$25,813 at February 28, 2006 and \$26,317 at February 28, 2005, represents billed user charges due at the end of the year. All water charges shall be deemed delinquent if not paid prior to the last day herein provided for payment of the same, and penalty of 5% shall be charged for each month, or fraction thereof, that the same shall remain delinquent. Provided further, that the water supply to any premises where the charges have been delinquent for a period of one (1) month or more may be shut off and withheld until payment of such delinquent charges is made to the Authority.

LEXINGTON-WORTH TOWNSHIPS UTILITIES AUTHORITY

**NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2006 AND 2005**

NOTE 3 – ACCOUNTS RECEIVABLE – WATER SERVICE – (cont'd):

All water charges shall be a lien upon the premises from and after their due date, and shall be assessed against said premises. All unpaid water charges which from the first day of June of each year have remained delinquent for a period of one (1) month shall be reported by the Authority and may require such charges to be transferred and reassessed upon the Township tax rolls in the same manner that unpaid special assessments are transferred and reassessed upon said tax roll. Delinquent water taxes may also be collected by suit brought in the name of the Lexington-Worth Townships Utilities Authority against the owner of the premises.

NOTE 4 – CAPITAL ASSETS:

The Lexington-Worth Townships Utilities Authority was established as an operating authority with the water utility distribution line, belonging to the Townships of Lexington and Worth Townships. Water is purchased through agreement with the Village of Lexington, as the Village owns the Water Utility Plant. The following is a summary of the property and equipment owned by the Lexington-Worth Townships Utilities Authority:

**NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2006 AND 2005**

NOTE 5 – CONTINGENT LIABILITY:

The Lexington-Worth Township Utilities Authority, through an agreement, purchases water from the Village of Lexington. Effective with the October 25, 2005 to November 29, 2005 billing, the Village of Lexington raised the rate from \$4.75 per 1,000 gallons to \$5.15 per 1,000 gallons. The Lexington-Worth Township Utilities Authority disputed the increase and has continued to pay all water purchases from the Village of Lexington at the \$4.75 per 1,000 gallons rate. The Lexington-Worth Township Utilities Authority and the Village of Lexington are negotiating language within the agreement and a revised rate per 1,000 gallons. As of February 28, 2006, the disputed amount unpaid is \$4,097 which has not been recorded as a liability.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Lexington-Worth Townships
Utilities Authority Board

We have audited the financial statements of the Lexington-Worth Townships Utilities Authority for the year ended February 28, 2006 and have issued our report thereon, dated July 20, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lexington-Worth Townships Utilities Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Lexington-Worth Townships Utilities Authority's ability to initiate, record, process and report financial data consistent with the assertions of management in the financial statements. The reportable condition is described as follows:

Control over the Financial Recordkeeping Process.

In a small office it is difficult to separate accounting functions, thus provide adequate internal control. The Authority has this lack of segregation of duties.

The Authority has implemented mitigating controls to strengthen internal control over the recordkeeping process; however, it must be recognized that the risk of error or defalcation does still exist.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we do not believe the reportable condition described above to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lexington-Worth Townships Utilities Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under ***Government Auditing Standards***.

This report is intended solely for the use of the management and the Board of the Lexington-Worth Townships Utilities Authority and is not intended to be and should not be used by anyone other than these specified parties.
